

Making Sense of Mathematics Through Gymnastics!

**Tutoring & Enrichment Center  
COVID-19 Safety Procedures**

- Temperatures will be checked daily before entering the facility.
- Families should call upon arrival and a staff member will come out to take temperatures and distribute waivers and liability forms.
- A COVID-19 waiver & questionnaire (found online) will be filled out on the first day, and the questionnaire each day.
- If an updated Kimnastics' liability/media waiver has not been filled out for the current year, one will be provided to complete the first day of participation.
- Children will be required to wear masks while doing all activities including gymnastics. Please make sure children have proper face covering.
- Extra masks, and sanitizer are available for those in need.
- Equipment is sanitized/wiped down with a disinfectant after each session throughout the day and at the end of the day.
- Handwashing, or sanitizing occurs after entering the facility from being outside.
- Social distancing markers are placed throughout the indoor space to help participants identify 6 feet of distance.

**Tutoring & Enrichment Center  
COVID-19 Safety Procedures (cont.)**

- Most activities will be conducted outside weather permitting.
- No more than 10 participants will be a part of any programming at any given time.
- When the maximum number of participants are in the center, they will be separated into groups of 5 with a 1:5 teacher student ratio.
- If a child develops symptoms of an illness during the day the child must be picked up ASAP. The child showing symptoms will stay in a safe area away from other students in the center. The center will be disinfected upon incident, and all children in the center will wash their hands and be removed from the space being disinfected and engage in other activities.

***Thank you for your help and cooperation in keeping our  
community and children safe!***
